Dear Year 6 Parents/Carers

The Authority can take into account special circumstances that may have affected your child's attainment and performance in the grammar school assessment, for example if his or her education has been seriously disrupted through ill-health, disability, change of schools, domestic problems or any other cause.

If you believe that there are special factors that could have affected your own child's performance in the assessment, you should put them in writing to me by Tuesday 18th September 2018 to be sent on to the Authority.

Yours sincerely
Mr A Ramsden
Headteacher
