SEND Information Report

2024 /2025

Glossary of Terms

These are terms that are used in this report and they are defined here so parents can have a clear understanding of their meanings.

- The **SENDCo** is the special educational needs co-ordinator in the school.
- The **SEND Register** is simply a list of the children who have special educational needs and disabilities so that the school can monitor the provision being put in place for the children. Children can come on and off the register at any time.
- Education Health Care Plans or EHCPs (used to be known as Statements of special educational need) are for children and young people aged up to 25 who need more support than is available through special educational needs support normally provided in school. They identify educational, health and social needs and set out the additional support to meet those needs. There is a process involved in requesting an EHC Needs Assessment that may include getting assessment reports from school, parents, the child, educational psychologist and medical people. There is an annual review of an EHCP.
- Quality First Teaching identifies that high quality teaching in lessons will meet almost all children's needs well because teachers will tailor the teaching to different children's needs.
- Differentiation or task adjustment is part of quality first teaching and means that children may be given different tasks or goals different to others, have them presented in different ways or have more adult support in the lesson.
- Interventions are focused teaching programmes designed to enhance a child's knowledge, understanding or skills. They can take place within a lesson or outside of the lesson. They can be for one child or for a group of children. They run for a set period when it is anticipated the child will have accelerated their learning. They can be run by teachers or teaching assistants. They can cover any aspect of learning but are often involve enhancing literacy and numeracy skills.

What kinds of special educational needs do we provide for in Oxton St Saviour's Primary school?

The staff at Oxton St Saviour's Primary School provide support for children across the four areas of need as laid out in the SEN Code of Practice 2015:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
 Sensory and/or physical needs

How do we know if your child needs extra help?

We assess each child's current academic abilities when they come to the school. We call this a baseline. We know from national assessment data the rates of progress that children should make from their starting points and this helps us set targets for our children and measure their progress. Class teachers make half-termly assessments of children's progress. Class teachers and members of the Senior Leadership Team also hold half-termly progress meetings to check how well children are doing and to quickly spot any underachievement. They discuss children's targets in these meetings.

We check if some children's progress:

- Is not on track to reach their target
- Is significantly slower than that of their peers
- Is slower than their own progress previously

It is important to remember that slow progress might not mean a child has special educational needs. There might be other reasons for this and it may be temporary. We also keep a watchful eye on how well children are learning personal and social skills. When we think that a child does have special educational needs we will want to get the view of the child and their parents as well.

Sometimes we are alerted about a child's special educational needs from their

parents or from class teachers who might have a concern or even from other professionals who have been working with a child. The SENDCo always responds when she gets this information and considers the child's needs further.

Finally, when childs come to the school having been at another school they might arrive with special educational needs already identified. We will always notify parents when it is decided that their child has special educational needs. Children are identified as having SEND, and their difficulties are assessed, through:

- Tracking academic attainment and progress
- Behavioural/social issues preventing them from fully accessing the curriculum
- Teacher/parental referral to the SENDCO (who will then discern the next steps needed)
- Information from previous settings

Children showing greater difficulty may be assessed by outside agencies including the Special Educational Needs Assessment and Advisory Team (SENAAT).

How do we evaluate the effectives of our provision for children with SEND?

Regular and rigorous assessment is used to closely monitor the progress of children receiving intervention support each term. For children with significant barriers to their learning, class teachers will write a personalised One Page Profile (OPP) and an individual School Support Plan (SSP). Specialist advice from outside agencies such as SENAAT is included in these documents.

During termly School Support Plan reviews, each child's progress against individual SMART targets is assessed and tracked. Interventions are monitored by the class teacher.

How do we assess and review children's progress towards outcomes? How do we include parents and children as part of this assessment and review?	Arrangements include: Graduated approach - Assess, Plan, Do, Review Data Tracking for children's progress using Target Tracker School Support Plan (SSP) reviews and meetings with parents. EHCP reviews and meetings with parents Intervention Tracking
What is our approach to teaching children with SEND?	The school will ensure: We provide a balanced and broad curriculum with flexibility to meet every child's needs No child is excluded from a learning activity due to their learning difficulty or impairment We adjust tasks effectively. We include peer tutoring and collaborative learning We provide alternative methods or responding or recording work We have specialist resources for those children with sensory or mobility impairments where appropriate Extra-curricular activities are barrier free and do not exclude any childs Lesson resources in formats other than printed text provided Adapted printed materials for children with Literacy learning difficulties and / or sight impairments Additional adult support in classrooms
How do we adapt the curriculum and the learning environment for children with SEND?	The curriculum/learning environment may be adapted by: • Quality First Teaching reasonable adjustments • Groupings that target specific levels of progress • Differentiated resources • Diverse teaching and AFL styles • Appropriate choice of texts and topics to suit the learner

 Access arrangements for standardised testing Additional adult support • School Support Plans with SMART targets Specialist equipment such as writing slopes, posture cushions, pencil grips, easy to use scissors, specialist seating etc. What additional support for learning is The following support is available: available to children with SEND? Additional adult support within the class Small intervention groups • 1:1 individual support when appropriate • Hearing/Vision support Speech and Language Therapy and Socially Speaking group support • Environmental adjustments and specialist equipment • SEMH and ELSA interventions and therapies and Pastoral Team school support including 'meet and greet' and early start times Mental Health Support Team (MHST) involvement Precision teaching Hayfield Outreach involvement • Orrets Meadow Outreach interventions • ADHD Foundation CBT therapy sessions How does Oxton St Saviour's CE Children are included and engaged through: Primary school enable children with Peer tutoring SEND to engage in all school activities • Collaborative learning along with children who do not have • Adapted activities where appropriate SEND? • Alternative methods of recording where appropriate • Specialist resources such as ICT where appropriate for sensory difficulties • Extra-curricular activities available to all children with subject specific adult leaders Adapted printed materials • School trips are available to all, including residential trips • 1:1 support arranged if required for an out of school visit or after school activity

	There are disabled toilet facilities
	available.

Children are well supported by: • An anti-bullying policy that is supported by all staff • School council participation • Circle time • Play leaders supporting lunch time • MHST involvement • Sensory Intervention • SENDCO support • Pastoral Team Support • ELSA Support
Who is the SENDCO? Who is the SEND Governor?	SENDCO: Jane Rodgers Contact details: sendco@oxtonstsaviours.wirral.sch.uk or schooloffice@oxtonstsaviours.wirral.sch.uk 0151 652 4909 SEND Governor: TBC We do not currently have a SEND governor.
What training do staff receive? How does the SENDCO secure specialist SEND expertise?	 Oxton St Saviour's Primary School has: The SENDCO is Ms Rodgers who is 0.6 non-teaching and has regular training from the SEND Team. Ms Rodgers liaises with many outside agencies to secure specialist expertise. Our ELSA (Emotional Literacy Support Assistant) is Miss Latters who meets termly with the Educational Psychology team. The SENDCO attends 'drop in' meetings with the Educational Psychology Team to access expert support and advice regarding provision for children with SEND. Recommendations to support children with Social Communication differences and Autism are secured from our Speech and

Language Therapist Lillian Rogers and the Hayfield Outreach Team Recommendations to support children with Specific Learning Difficulties (SpLDs) are secured from specialist teachers from the Orrets Meadow Outreach Team and SENAAT (Special Educational Needs Assessment and Advisory Service). • Recommendations to support children with Social Emotional and Mental Health difficulties are secured from the ADHD Foundation, the Educational Psychology Team and the Mental Health Support Team. • Recommendations to support children with Physical and/or Sensory difficulties are secured from the 0-19 Nursing Team, Community Paediatrics, the Occupational Therapy Team, the Auditory and Vision support teams and the Physiotherapy Team. • Teaching staff receive regular training including 'Precision Teaching', 'Supporting Social and Communication Needs in the Classroom', 'Supporting Literacy Difficulties in the Classroom' and 'Team Teach' techniques. How are resources, facilities and The SEND budget is allocated each equipment for children with SEND financial year. The money is used to secured? provide additional support or resources dependant on individual children's needs. Resources may include deployment of staff or equipment in response to a child's specific needs. A child who has been awarded an Education and Health Care Plan has their allocated money spent to meet their specific and individual outcomes. What are the arrangements for Parents are consulted as soon as concerns are raised about a child in our school. consulting parents of children with SEND and involving parents in the education of their children? Support available to parents:

• Termly meetings with the class teacher to review their child's progress against individual SMART targets on School Support Plans. • Signposting to a range of support agencies. • Reports from outside agencies are shared with parents and may contain suggestions of programmes that can be used at home. Workshops and Coffee Mornings are offered throughout the school year Meetings with the SENDCO when appropriate. What are the arrangements for When appropriate, children at Oxton St consulting young people with SEND and Saviour's Primary School are consulted involving them in their education? when a One Page Profiles and / or School Support Plans are written. Children's views and aspirations are included in EHC applications and reviews. What do I do if I have a complaint Initial complaints should be directly raised about the SEND provision in place for with the class teacher as most concerns my child? can quickly been ironed out at this stage. A meeting should also be arranged with the school's SENDCo. If the complaint is about the actions of the School's SENDCo, the complaint should be forwarded to the head teacher. If the complaint remains unresolved, the complaint can be forwarded to our SEND governor (TBC), who can be contacted via the school. All complaints regarding SEND provision follow the school's complaints policy. We are keen that parents and carers are supported in this process and would refer all families to Wirral's SEND Parent
